Invitation

Prof. Jun Heon Lee

Chairperson, ISAG 2025
Chungnam National University, Republic of Korea

Dear Colleagues,

It is with great pleasure that I invite you to the 40th International Society for Animal Genetics (ISAG) Conference, which will be held from July 20 to 25, 2025, in Daejeon, Republic of Korea. This prestigious conference will provide an exceptional platform for scientists, policymakers, professionals, and students from various interdisciplinary fields of animal genetics to come together, share their latest research developments, reconnect with old friends, and foster new collaborations.

The ISAG 2025 Conference, centered around the scientific theme "Genome to Phenome for New Challenges," aims to gather over 1,000 participants from around the globe, creating an enriching environment for discussion and exchange of ideas. Key programs will include plenary speeches, workshop sessions, poster sessions, a welcome reception, an opening ceremony, a gala dinner, an award ceremony, and tours, ensuring that all attendees can engage in meaningful dialogues about advancements in animal genetics.

We are excited to host this significant event in the beautiful city of Daejeon, known for its rich scientific and educational resources. The conference will not only highlight cutting-edge research but also provide a unique opportunity to experience Korean culture and hospitality.

I encourage you to mark your calendars and join us for what promises to be an inspiring and fruitful conference. For the latest updates and additional information regarding the program and registration, please visit our official conference website.

We look forward to welcoming you to Daejeon in 2025!

Warm regards,

Jun Heon Lee

Chairperson, ISAG2025 Local Organizing Committee

Venue (Daejeon Convention Center, DCC)

Daejeon is a city that attracts a wide array of science and technology related events equipped with infrastructure and facilities to hold large international events. In particular, the Daejeon Convention Center is undoubtedly a key venue of the city. Located in the MICE Culture Complex formed along Gapcheon River, it does not only boast beautiful nature surrounding the Center but is also near many of the city's attractions including the Hanbit Tower, Hanbit Square, Hanbat Arboretum, and Daejeon Art & Culture Complex. In March 2022, the Daejeon Convention Center II was newly completed and numerous international conventions, exhibitions and events have been held.
